RE: **June Agenda Items**

The committee is asked to advise on a landscape design for S. 48th Street (item 2) and the new AmTrak Station in West Haymarket (item 4). I will invite Historic Preservation Commission members to attend for the Amtrak Station discussion, if they wish.

CONCEPT DESIGN

A new item involves a long, narrow strip of public property on the east side of N. 27th Street, just south of the Elaine Hammer (pedestrian) Bridge. A design concept is provided below. Ernie Castillo of the Urban Development Dept. will explain the design intentions to the Committee.
